PURPOSE OF REPORT

For Council to review roads that Main Roads WA have received requests to add to the Harvest Mass Management Scheme.

SUMMARY AND KEY ISSUES

- Main Roads WA (MRWA) is responsible for receiving and approving applications for certain roads to be used harvest transport routes
- MRWA considers applications based on information it receives from the local government
- MRWA have requested consideration for 13 local roads to be added to the RAV 4 network

LOCATION

N/A

BACKGROUND

The Harvest Mass Management Scheme (HMMS) was developed in 2009 to assist the grain industry with the difficulties loading grain from a paddock.

A list of 13 roads have been provided by MRWA seeking Shire comment. This list is included in the attachments for this report.

The HMMS initially only offered a loading tolerance, which was aimed at enabling the grain transporter to weigh their load at the receivable point and then adjust the following loads accordingly to achieve compliance with statutory mass limits.

For the 2016-17 harvest, an access component was introduced to address 'first and last mile' access issues to and from the paddock and to facilitate efficient transport of grain for the forecasted record harvest. These access arrangements remained in place for the 2017-18 harvest period.

Following legal advice, Heavy Vehicle Services (HVS) made some changes for the 2018-19 season to allow the access arrangements to continue and ensuring safety and legal obligations are met. These changes have meant the operator must apply to Main Roads for the roads they require, not already approved on a RAV Network, between the paddock and the nearest road approved for RAV Network access under HMMS.

This enabled HVS to conduct preliminary assessments of all roads received, prior to them being endorsed under HMMS for the 2018-19 harvest period. If deemed safe, the roads have been endorsed on the operator's HMMS Road List, which specifies any additional access conditions (if applicable).

The introduction of the HMMS Road list has provided HVS the opportunity to prioritise onsite route assessments, with the aim of adding the roads required by farmers to the relevant RAV Network, where the road is deemed suitable. Having the roads approved on the

relevant RAV network will negate the need to have special access arrangements for future harvest periods.

PURPOSE OF REPORT

For Council to consider representation at the 2019 WALGA Convention to be held over 7 August to 9 August 2019 at the Perth Convention and Exhibition Centre.

SUMMARY AND KEY ISSUES

The annual WALGA convention is an opportunity for local governments to get together to discuss key issues, as well as attending the Annual General Meeting of our peak representative body in Western Australia.

In order to allow for sufficient resources in the 2019/20 budget, it is necessary for Council to determine who will be attending.

LOCATION

N/A

BACKGROUND

In previous years, all Councillors and their respective partners have been eligible to attend the WALGA Convention which has included accommodation, meals and transportation where required.

The Convention has also been used as an opportunity for NEWROC to hold an annual dinner where NEWROC member Councils can socialise.

The theme for this year's event is "Renewal, Practical" and is supposed to reflect on and encourage thought about the ongoing changes to local government.

The cost of a full delegate registration is \$1,475 with additional opportunities such as breakfasts and dinners being at an additional extra cost.

The cost of accommodation is approximately \$270 per night plus extra for breakfasts.

CONSULTATION

There has been no specific consultation undertaken in respect to this matter.

STRATEGIC IMPLICATIONS

There are no Strategic Plan implications evident at this time.

POLICY IMPLICATIONS

There are no significant policy implications evident at this time.

STATUTORY IMPLICATIONS

There are no specific statutory requirements in respect to this matter.

FINANCIAL IMPLICATIONS

The financial costs associated with attendance at the WALGA convention need to be appropriately catered for in the 2018/19 budget.

ENVIRONMENTAL IMPLICATIONS

There are no environmental implications at this time.

SOCIAL IMPLICATIONS

There are no social implications at this time.

OFFICER COMMENT

It is Council's prerogative to determine which Councillors will attend the WALGA Convention including the attendance by the Chief Executive Officer.

In doing so, Council needs to consider what level of support will be provided to those attending including accommodation, partners' attendance and so forth.

As per 2018, it is suggested that the Shire meet the costs of Registration, accommodation, Parking and meals for Councillors and staff and any additional registrations for partners be met by the respective Councillor.

OFFICER RECOMMENDATION/S – ITEM NO 8.4.1

That Council:

- 1. Supports the attendance of _____ at the 2019 WALGA Convention in addition to attendance by the Chief Executive Officer;**
- 2. That the Shire meet all costs in relation to registrations, accommodation and meals where not provided at the Convention;**
- 3. That attending Councillors be responsible for their own transport costs to and from the Convention;**
- 4. Requests the Chief Executive Officer to ensure that suitable arrangements are made in the 2019/20 Annual Budget to cover the costs of attending the Convention.**

PURPOSE OF REPORT

For Council to consider providing a blanket discount in relation to housing rentals for the 2018/19 financial year.

SUMMARY AND KEY ISSUES

- Council's 2018/19 Fees and Charges were adopted at the 15 August 2018 Council meeting
- Researching Council's paper records system has been a difficult and lengthy process in relation to rental agreements
- Not all premises have a rental agreement which is an issue for the administration
- As rentals have not been charged in line with the adopted fees and charges, a discount could be declared for the year which would settle any compliance issues

LOCATION

N/A

BACKGROUND

Council adopted its current schedule of fees and charges in August 2018. The fees set for the rental housing was as follows:

Other Housing (per week)

Council owned housing rented to non employees - 3x1
Council owned housing rented to non employees - 4x2
Council owned housing rented to non employees - 2x2 Youth units
Wheatbelt Agcare

\$ 88.00	\$ -	\$ 88.00
\$ 132.00	\$ -	\$ 132.00
\$ 99.00	\$ -	\$ 99.00
\$ 88.00	\$ -	\$ 88.00
<i>Equal to four (4) Weeks Rent</i>		
\$ 260.00	\$ -	\$ 260.00
\$ 60.00	\$ -	\$ 60.00
\$ 90.00	\$ -	\$ 90.00

Bond - Housing

Bond - payable by all housing tenants - As per REIWA requirements
Pet Bond (if applicable)

Aged Pensioner Units (per week)

Pensioner - Single
Pensioner - Couple

Since adopting the budget, there was an undertaking to review all lease agreements. In doing this, it has been noted there are a number of leases that do not exist or copies have been lost.

It is acknowledged that perhaps this process could have been sorted a lot quicker but it is just one of those things that gets caught up in the myriad of other processes that have been undertaken and commenced in the past twelve months.

As the review of leases took time, there has been no action in increasing rents in accordance with the fees and charges. Accordingly, rents have remained as at the rates charged throughout the 2017/18 year.

It is proposed, should Council support this item, that all those leases which do not exist, or are under an old format, be developed under the standard Form 1AA as developed by the Department of Commerce.

As per current rules, any increase in rent can only take place after 60 days' notice. Accordingly, any new lease agreements could be provided to tenants for signing with effect from 60 days of the date of the new lease.

Additionally, all those in the correct format, could be provided with a notice advising of the increase in rent from 60 days of the date of the notice. This would then bring all tenancies into line with the 2018/19 fees and charges in and around mid-July. Council could then determine at a later point in time of 2019/20 to review rents accordingly.

CONSULTATION

There has been no specific consultation undertaken in respect to this matter.

STRATEGIC IMPLICATIONS

There are no Strategic Plan implications evident at this time.

POLICY IMPLICATIONS

There are no significant policy implications evident at this time.

STATUTORY IMPLICATIONS

There are no specific statutory requirements in respect to this matter.

FINANCIAL IMPLICATIONS

Overall, there will be no impact to the bottom line of the budget as the budget was built on the 2017/18 fees and charges and therefore any increase in rents would have been additional income to the Shire.

ENVIRONMENTAL IMPLICATIONS

There are no environmental implications at this time.

SOCIAL IMPLICATIONS

There are no social implications at this time.

OFFICER COMMENT

It is proposed that Council grant a discount so that there are no non-compliances detected as part of any future internal or external audit or assessment.

While it is not an ideal situation, it will resolve the issue and allow administration to continue with that proposal as presented earlier in the report.

OFFICER RECOMMENDATION/S – ITEM NO 8.4.2

That Council authorises a discount on all private housing rentals (including aged pensioner housing) for the 2018/19 financial year and that the weekly rent payable be as follows:

Aged pensioner (Single) -	\$55.50
Aged pensioner (Couple) -	\$90.00
3x1 House -	\$80.00
4x2 House -	\$120.00
2x2 House -	\$90.00

PURPOSE OF REPORT

For Council to receive an update on key activities of the Chief Executive Officer.

SUMMARY AND KEY ISSUES

- Local Emergency Management Arrangements
- Nungarin North Road
- Road Works
- Acquisition of lots
- Pool Shutdown
- Staff
- Rec Centre bar operations
- External Audits
- Internal Audits
- Finance and Management Policies

LOCATION

N/A

BACKGROUND

Since the last update report there has been change in the level and depth of work to be undertaken which forever remains high and with a myriad of different aspects.

All issues in relation to road funding have been resolved with positive relations forming and continuing at both a state and federal level. This will allow for the programmed works to be completed on time and within budget.

As part of the state funding, we have been able to retain monies which had not been spent on Nungarin North Road to further apply those monies on the same road. Accordingly, this has allowed for the culverts to be upgraded and completed through the lakes in addition to expert testing and assessment of the pavement and subgrades.

As discussed briefly with Council previously, essentially Nungarin North Road requires reconstruction to strengthen the subgrades and apply a more appropriate seal. Over the next month or so, Talis will undertake to generate costings on a per-section basis to allow for a programme of works in future years budgets.

At the time of this report, essentially all capital road projects have been completed with some drainage works to be completed on the Koorda-Bullfinch Road. The resealing works were completed with good results and all roads completed now have a high quality seal.

The outstanding acquisition of four lots (two in town and two in Elabbin) has now been completed with lots now in the Shire's name. This will provide options for the future in terms of either building new houses or putting lots on the market for private sale.

The pool shutdown has been completed for the season and will revert to care and maintenance. It is proposed to run the filtration system for approximately one to two days

per week to allow chemicals to circulate and keep the water in a semi-healthy state so that opening in the new season is not a lengthy process.

Attracting new staff to the Shire continues to prove painful with one vacancy still remaining in the plant operation/labouring area. The Town Leading Hand which incorporates general building maintenance will commence 20 May 2019.

A brief meeting was held with the President and Deputy President of the Nungarin Sporting Club Inc. to put some detail around the management of the Sports Bar. This will be progressed and framed in a loose agreement of party functions over the coming months and then formally framed thereafter.

Internal audits were undertaken with the financial consultants being on site for the week commencing 30 April. The internal audits assist with identifying internal management procedures and functions with a view to process improvement. Items identified will help to further build staff activities and formalise processes undertaken.

External Auditors will be on site throughout the week commencing 13 May. The information requested has been collated and provided to them in advance. Hopefully this will reduce interference in trying to get administrative work completed.

It was hoped that a number of Financial and Management Policies would have been presented to the May meeting. With all the work leading up to Council meeting day, it has not been possible to complete these. Accordingly it is proposed to bring them to the June meeting.
