### **Preamble**

The Shire of Nungarin is located approximately 300km east of the state capital of Perth in the Wheatbelt Region and is one of the smallest in the nation with a population of 256. The Shire covers an area of 1,164 square kilometres.

The Shires newly adopted Integrated Strategic Plan established the Shire's Vision and Values for ten years to 2033. The plan not only establishes a vision for the Shire's future, but drives the development of other plans in the Integrated Planning Framework.

**Our Vision**: A great place to live with a well-connected, strong, healthy and friendly

community.

Our Values: We will conduct our business with:

### Respect

- Value people and places and the contribution they make to the Shire.

- Develop an environment of respect for different cultures.
- Be appreciative of the aspirations of the community and what it does for itself.

### **Inclusiveness**

- Be receptive, proactive and responsive as an organisation.
- Exist to help a community that has the capacity for self- help.
- Demonstrate leadership by promoting Council and community teamwork.

### Fairness and equity

- Maintain a 'whole of Shire' outlook, but recognise each community is unique and likely to have variations on their needs.
- Provide services for a variety of ages and needs.
- Respond to the community in a fair and equal way depending on need.

### Communication

- Create opportunities for consultation with the broad community.
- Demonstrate leadership by promoting Council and community teamwork.

### STATEMENT OF COMPLIANCE

### For the year ended 30 June 2025

Residents and rate payers of the Shire of Nungarin,

In accordance with section 5.53 of the *Local Government Act 1995*, I hereby submit for your information, the Annual Report for the Shire of Nungarin for the financial year ended 30 June 2023.

The Annual Report has been prepared in accordance with the provisions of the Local Government Act 1995 and the Local Government (Administration) Regulations 1996.

David Nayda Chief Executive Officer

### **Shire President's Message**

It is my great pleasure to present the President's report to the residents of the Shire of Nungarin for the 2024/25 financial year. This alone could not be achieved without the hard work of our staff.

Council has a role of significant responsibility, often involving diverse and demanding challenges and decisions. Council continues to work with the staff and community to ensure that Nungarin's needs are being met and that our small town continues to grow.

Over the recent term, the Council has commenced addressing critical issues such as water availability and long-term water security. These concerns, once primarily managed by other government tiers, now demand our attention alongside the traditional responsibilities. Moreover, the scope of Council duties has expanded to include community development, event planning, tourism, and cultural initiatives, all integral to our service delivery and daily lives.

This past year, the Shire has had the privilege in supporting the Mangowine Concert, the Nungarin Harvest Festival Weekend, Nungarin Markets and Daffodil Day and many more.

We have also enjoyed our annual events such as ANZAC and Remembrance Day, Australia Day and our Community Christmas Evening.

Financial responsibility and governance compliance remain key aspects of the Council's authority. Meticulous reporting and compliance are essential parts of our operations, requiring a thorough understanding due to the significant responsibilities associated with managing public funds, where transparency is crucial. Our Administration staff have excelled during this period of evolution and change.

On behalf of Council, I would like to extend my sincere thanks to CEO, David Nayda who has adeptly steered our administration through a challenging period. This report reflects a substantial effort over the past year and showcases the commitment required to ensure a robust governance and functional local government.

Finally, thank you to the staff for their dedication and hard work, community members, ratepayers and to my fellow Councillors for their continued support and time.

Cr Pippa de Lacy Shire President

### **Chief Executive Officer's Message**

It is both an honour and a privilege to deliver this annual report, which encompasses the achievements and efforts of both my predecessor and our current team.

Our local government operates with a relatively small but exceptionally dedicated team. This team's unwavering commitment has been crucial in navigating through a year marked by significant financial constraints, including rising costs that have put considerable strain on our resources. Despite these hurdles, our team has consistently delivered exceptional results, demonstrating that they are indeed punching well above their weight.

This past year was significant in terms of infrastructure development and maintenance. with several key road reaching completion. projects successfully completed 1st stage of North Nungarin Road reconstruction completed the last stage of Danberrin Road in town with asphalt. These projects were made possible through funding from the Roads to Recovery Grant and the Regional Roads Grant. The completion of these projects, under tight deadlines and immense pressure, highlights the efficiency and dedication of our roads team. I extend my heartfelt congratulations and thanks to all members involved for their hard work and commitment

We were also fortunate to receive a Federal grant via the Local Roads and Community Infrastructure Program. This enabled us to complete the following projects. Refurbishment of Alice Williams Memorial Hall, new footpath on Danberrin Road, Air conditioner installed in the War Memorial Hall and a new pump for the town dam.

The collaboration between volunteer groups and our shire team continues to provide great outcomes for the community. I extend my sincere gratitude to every community volunteer and team member whose tireless efforts make a real difference in the town.

Apart from physical projects, there is a substantial amount of work that unfolds behind the scenes. Our administrative team plays a crucial role in the seamless operation of our local government. Though their efforts may not always be visible to the public, their work is indispensable to our daily operations and overall functionality. The diligent work of our administration team ensures that we continue to serve our community effectively and efficiently.

As we look ahead, our focus remains on fostering growth and prosperity within the shire. We are committed to continuing our work with transparency, diligence, and a collaborative spirit. The challenges we face will undoubtedly evolve, but with our dedicated team and supportive community, I am confident in our ability to meet them head-on.

I would like to commend the staff for their consistent efforts to deliver outstanding service to the community. I also extend my thanks to the Shire President, Deputy Shire President, and Councillors for their ongoing support.

David Nayda
Chief Executive Officer

### **Elected Member's**

The Council of the Shire of Nungarin is made up of seven community elected representatives, elected for a four-year term. The Shire President and Deputy Shire president is elected by the Council following each ordinary Local Government election held in October every second year.

Cr. Adam Eksanow

Cr. Pippa de Lacy

Cr. Kerry Dayman

Cr. Eileen O'Connell

Shire President Cr. Pippa de Lacy

Deputy Shire President Cr. Gary Coumbe

The Local Government Act 1995, states the roles of the President is to:

- Preside at meetings in accordance with the Act.
- Provide leadership and guidance to the community in the district.
- Speak on behalf of the local government.
- Perform such other functions as are given to the President by the Act or any other written law; and
- Liaise with the CEO on the local government's affairs and the performance of its functions.

In addition to attending monthly Ordinary Council Meetings, Councillors represent the Town and its community on a number of committees and groups.

### **Snapshot of Nungarin**

The Shire of Nungarin is a unique country Town and as its motto says "a small town with a big heart". The town has a diverse community and a vast range of tourist attractions.

People living in the Shire

Median Age

**Working Age Population** 

87.9 Australian Citizens

5.5% Unemployment Rate

116 602.5ha<sup>2</sup> **Land Area** 

11 502 ha **Protected Land** Area

### **Local Attractions**

**Nungarin Heritage Machinery and Army** Museum served from 1944 to 1960, as a depot for Australian Army personnel. Today, it invites you to discover the region's military history by stepping inside the State's only remaining World War Two Five Base Ordnance Depot.

Mangowine Homestead is located on 10 hectares of natural bushland and was the first stone and mud brick homestead in the area when it served as an inn for travellers heading to the Goldfields.

**Eaglestone Rock** is a spectacular natural granite rock and cave formation situated 20km north east of Nungarin the rock abuts Lake Brown. Enjoy great views over the salt lake to the south. Wedgetail Eagles are often seen perched on the Rock.

Talgomine Reserve, just east of Nungarin, has colourful displays of everlastings and is a spectacular sight. Enjoy a stroll through the endless fields of pink and yellow everlastings which bloom in abundance during spring. Nature lovers will appreciate the York Gum and Jam Tree woodlands within the reserve, home to a variety of orchids and other wildflower species that thrive in the area. Relax in this tranquil setting to enjoy a picnic and soak up the rural ambiance.

### **Shire Facilities**

### **Library Services**

The library facilities are located in Shire Administration building. The Shire's library is an integral part of the local community, offering not only book loaning facilities, but a place for people to connect, learn and play.

### **Nungarin Swimming Pool**

The Nungarin Swimming Pool is located in the Nungarin Townsite and plays an important role in keeping the local community healthy and connected during the summer months. There is an outdoor swimming pool, a toddler pool, plenty of grassed area with shade provided by trees and erected shelters, BBQ facilities, change rooms and toilets, a first aid room and a kiosk.

### Infrastructure Services

The Shire Depot crew ensures town roads as well as rural roads are maintained to a safe standard. They are often required to re-sheet rural roads and install drainage culverts. In town, the crew ensures the sporting venues and gardens are maintained.

### **Aspiration**

A diverse business environment with equitable telecommunications and infrastructure. We are uniquely Nungarin in providing a memorable visitor experience.

### **Highlight: Mangowine Concert**

The Mangowine Concert was once again a highlight on the annual music festival calendar attracting visitor from near and far.

The continued success of this event can be attributed to the volunteer run Mangowine Concert Committee.

### **Highlight: Nungarin Wheatbelt Market**

The Shire continues to be a proud sponsor of the Nungarin Wheatbelt Markets which are held along the main street on the first Sunday of the month.

### **Statutory Reporting**

### **Freedom of Information Statement**

In accordance with Section 96 and 97 of the *Freedom of Information Act 1992*, the Shire is required to publish an Information Statement which details the process of applying for information under the Act as well as information that the Shire provides outside the Act. No requests for information under the act have been received this year. The Freedom of *Information Act 1992* and associated regulations can be found on the State Law Publisher website at www.slp.wa.gov.au

### **Complaints Register**

The Shire maintains a register of complaints which records all complaints that result in an action under the *Local Government Act 1995* s5.121 (6)(b) or (c). The register of complaints is to include for each recorded complaint:

- Name of Council Member about whom the complaint is made:
- Name of the person who makes the complaint;
- A description of the minor breach that the Standards Panel finds has occurred; and
- Details of the action taken.

In the financial year ending 30 June 2021 no complaints were entered into the Register of Complaints under Section 5.121 of the Local Government Act 1995.

### Record Keeping Statement

Under the *State Records Act 2000*, the Shire of Nungarin is required to have a Recordkeeping Plan (RKP) that is approved by the State Records Commission. Having completed phase 1 by creating a dedicated records room and installing records management software, the Shire commenced with preparation of an RKP, submitting the plan to the State Records Commission for review.

### **Delegations Review**

In accordance with Section 5.46 of the Local Government Act 1995 a review was undertaken of the Shire's Delegations Register during this period.

### Compliance

### **Compliance Audit Return**

The Department of Local Government, Sport and Cultural Industries requires the Shire to complete a Compliance Audit Return annually. For the period 1 January 2024 to 31 December 2024

There were no exceptions noted

### **National Competition Policy**

The Federal and State governments have a Competition Principles Agreement in place, which is binding on local government. The Agreement requires the Shire to carry out a number of procedures and include a report on the matter in each year's Annual Report. The three areas that affect local government are:

- 1. Competitive neutrality to remove benefits (and costs) which accrue to government business as a result of their public ownership.
- 2. Structural reform local government is required to reform the structure of publicly owned monopoly businesses where it is proposed to introduce competition.
- 3. Legislation review to review legislation that restricts competition.

The full requirements of the package are contained in a statement issued by the Department of Local Government, Sport and Cultural Industries.

### **Competitive Neutrality**

Local Governments are required to apply the principle of competitive neutrality to all business activities generating user-pays income. The principle of competitive neutrality is that Government businesses should not enjoy a competitive advantage, or disadvantage, simply as a result of their public sector ownership. Annual Reports must show that a public benefit test has been conducted for all significant business activities (over \$200,000) to determine if competitive neutrality is in the public interest. Within these criteria the Shire had no disclosures for the reporting period with respect to competitive neutrality:

- The Shire does not operate a business enterprise that has been classified by the Australian Bureau of Statistics as either a Public Trading Enterprise or Public Financial Enterprise;
- During the reporting period the Shire did not receive any complaints or did not become aware of any allegations of non-compliance with the competitive neutrality principles made by a private entity against the Shire; and
- The Shire continues to monitor Council policies and local laws for anti-competitive practices.

### **Primary and Annual Returns**

In accordance with Section 5.75 and 5.76 of the Local Government Act 1995 all relevant persons lodged an Annual Return by the due date of 31 August 2024 and a primary return within 3 months of their start date. In 2024-2025, we were compliant in this area

### **Disability Access and Inclusion Plan**

The Disability Services Act 1993 was amended in December 2004, creating a requirement for local governments to:

- 1. Maintain a Disability Access and Inclusion Plan (DAIP).
- 2. Address seven specific outcome areas within the plan.
- 3. Report annually on progress against actions within the plan.
- 4. Disabled access in the CRC additions

A completely reviewed Disability Access and Inclusion Plan was adopted by Council during the year. This plan is a key strategic document, outlining the Shire's approach to working towards a more accessible and inclusive community.

### **Procurement of Services**

Procurement is conducted in compliance with the requirements of the Local Government Act 1995, the Local Government (Functions and General) Regulations 1996 and in accordance with the Shire's Code of Conduct and Purchasing Policy.

### **Annual Salaries**

The Local Government Act 1995 requires the Shire to provide the number of employees who are entitled to an annual salary of \$100,000 or more and to break those employees into salary bands of \$10,000. For the period under review, the Shire had 2 employees whose salary exceeded \$100,000.

For the purpose of Regulation 19B of the Local Government (Administration) Regulations 1996 employee remuneration is required to be contained in Council's Annual Report.

Shown below in bands is the number of employees:

Entitled to an annual salary of 100,000 to 109,999 = 1

Entitled to an annual salary of 110,000 to 119,999 = 0

Entitled to an annual salary of 120,000 to 129,999 = 0

Entitled to an annual salary of 130,000 to 139,999 = 0

Entitled to an annual salary of 140,000 to 149,999 = 1

### 1. BASIS OF PREPARATION

The financial report of the Shire of Nungarin which is a Class 4 local government comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations

Local Government Act 1995 requirements
Section 6.4(2) of the Local Government Act 1995 read with the Local
Government (Financial Management) Regulations 1996 prescribe that
the financial report be prepared in accordance with the Local
Government Act 1995 and, to the extent that they are not inconsistent
with the Local Government Act 1995, the Australian Accounting Standards.
The Australian Accounting Standards (as they apply to local governments
and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied except for disclosure requirements of 
AASB 7 Financial Instruments Disclosures

- AASB 16 Leases paragraph 58
   AASB 101 Presentation of Financial Statements paragraph 61
- AASB 107 Statement of Cash Flows paragraphs 43 and 45
- AASB 116 Property, Plant and Equipment paragraph 79
   AASB 137 Provisions, Contingent Liabilities and Contingent
- Assets paragraph 85
  AASB 140 Investment Property paragraph 75(f)
- AASB 1052 Disaggregated Disclosures paragraph 11
   AASB 1054 Australian Additional Disclosures paragraph 16

The Local Government (Financial Management) Regulations 1996 ify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or othe infrastructure which continue to be reported at fair value, as ue, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 Leases which would have required the Shire to measure any vested improvements at zero cost.

The Local Government (Financial Management) Regulations 1996

- land and buildings classified as property, plant and equipment; or
- infrastructure: or

vested improvements that the local government controls; and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116 Property, Plant and Equipment, which would have required the Shire to assess at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial assets

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

### Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
- Property, plant and equipment note 8
- · Infrastructure note 9
- Measurement of employee benefits note 14

Fair value heirarchy information can be found in note 23

### The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 28 of the financial report.

Initial application of accounting standards
During the current year, the following new or revised Australian
Accounting Standards and Interpretations were applied for the

- AASB 2020-1 Amendments to Australian Accounting Standards
   Classification of Liabilities as Current or Non-current
- AASB 2022-5 Amendments to Australian Accounting Standards
   Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
- Non-current Liabilities with Covenants
   AASB 2023-3 Amendments to Australian Accounting Standards
- Disclosure of Non-current Liabilities with Covenants: Tier 2

   AASB 2024-1 Amendments to Australian Accounting Standards
- Supplier Finance Arrangements Tier 2 Disclosures AASB 2023-1 Amendments to Australian Accounting Standards

- Supplier Finance Arrangements These amendments are not expected to have any material im

ents are not expected to have any material impact on the financial report on initial application.

### 2. REVENUE AND EXPENSES

### (a) Revenue

### Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

| Revenue category  | Nature of goods and services  | When obligations typically satisfied | Payment terms   | Returns/refunds/<br>warranties              | Timing of revenue recognition  |
|---|---|--------------------------------------|---|---|--|
| Rates   | General Rates   | Over time                            | Payment dates<br>adopted by Council<br>during the year                            | None  | When rates notice is issued  |
| Grants, subsidies and contributions   | Community events,<br>minor facilities,<br>research, design,<br>planning evaluation<br>and services                        | Over time                            | Fixed terms transfer of<br>funds based on agreed<br>milestones and<br>reporting   | Contract obligation if project not complete | Output method based on project milestones and/or completion date matched to performance obligations                      |
| Grants, subsidies or contributions for the construction of non-financial assets | Construction or<br>acquisition of<br>recognisable non-<br>financial assets to be<br>controlled by the<br>local government | Over time                            | Fixed terms transfer of<br>funds based on agreed<br>milestones and<br>reporting   | Contract obligation if project not complete | Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared |
| Fees and charges - licences, registrations, approvals                           | Building, planning,<br>development and<br>animal management.  | Single point in time                 | Full payment prior to issue   | None  | On payment of the licence, registration or approval  |
| Fees and charges - waste management entry fees                                  | Waste treatment,<br>recycling and<br>disposal service at<br>disposal sites  | Single point in time                 | Payment in advance at<br>gate or on normal<br>trading terms if credit<br>provided | None  | On entry to facility   |
| Commissions   | Commissions on<br>licencing and ticket<br>sales   | Over time                            | Payment in full on sale   | None  | When assets are controlled   |
| Reimbursements  | Insurance claims and reimbursable expenses  | Single point in time                 | Payment in arrears for<br>claimable event   | None  | When claim is agreed or when expense is incurred   |
| Other revenue - private works   | Contracted private works  | Single point in time                 | Monthly in arrears  | None  | At point of service  |

Consideration from contracts with customers is included in the transaction price.

### 2. REVENUE AND EXPENSES (Continued)

### (a) Revenue (Continued)

### Revenue recognition

Rate revenue was recognised from the rate record as soon as practicable after the Shire resolved to impose rates in the financial year as well as when the rate record was amended to ensure the information in the record was current and correct.

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

### For the year ended 30 June 2025

### **MATERIAL ACCOUNTING POLICIES**

### Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

### Restricted financial assets Restricted financial asset bal

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

### **MATERIAL ACCOUNTING POLICIES**

Financial assets at fair value through profit or loss The Shire classifies the following financial assets at fair

value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.

 equity investments which the Shire has elected to recognise as fair value gains and losses through profit or loss.

### **MATERIAL ACCOUNTING POLICIES**

### Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

### Trade receivables

5

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations or for the construction of recognisable non financial assets as part of the ordinary course of business.

### Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

### 6. INVENTORIES

|  | Note  | 2025     | 2024     |
|--|-------|----------|----------|
| Current  |       | \$       | \$       |
| Inventories  |       | 4,799    | 2,422    |
| Other inventories - History Books                          |       | 3,546    | 3,574    |
|  |       | 8,345    | 5,996    |
| The following movements in inventories occurred during the | year: |          |          |
| Balance at beginning of year                               |       | 5,996    | 3,885    |
| Inventories expensed during the year                       |       | (59,907) | (76,139) |
| Write down of inventories to net realisable value          | 2(b)  | (27)     | (95)     |
| Additions to inventory                                     |       | 62,283   | 78,345   |
| Balance at end of year                                     | 96    | 8,345    | 5,996    |

### MATERIAL ACCOUNTING POLICIES

### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### 7. OTHER ASSETS

### Other assets - current Prepayments

Accrued income

Contract assets

| 2025    | 2024  |
|---------|-------|
| \$      | \$    |

| 5,292   | 4,998 |
| 63,708  | -     |
| 120,697 | 4,998 |

### **MATERIAL ACCOUNTING POLICIES**

### Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

### **Contract assets**

Contract assets primarily relate to the Shire's right to consideration for work completed but not billed at the end of the period.

Impairment of assets associated with contracts with customers are detailed at Note 2(b).

# 8. PROPERTY, PLANT AND EQUIPMENT

## (a) Movements in balances

Movement in the balances of each class of property, plant and equipment between the beginning and the end of the current financial year.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

### 10. FIXED ASSETS

### (a) Depreciation

### Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

| Asset class                    | Useful life     |
|--------------------------------|-----------------|
| Buildings - non-specialised    | 30 to 50 years  |
| Buildings - specialised        | 30 to 50 years  |
| Furniture and equipment        | 4 to 10 years   |
| Plant and equipment            | 5 to 15 years   |
| Sealed roads and streets       |                 |
| formation                      | not depreciated |

|                                |                 |

### 10. FIXED ASSETS (Continued)

### MATERIAL ACCOUNTING POLICIES

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Local Government (Financial Management) Regulation 17A(5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

### Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under Local Government (Financial Management) Regulation 17A(2). Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

### Reportable value

In accordance with Local Government (Financial Management)
Regulation 17A(2), the carrying amount of non-financial assets that are
land and buildings classified as property, plant and equipment,
investment properties, infrastructure or vested improvements that the
local government controls

Reportable value is for the purpose of Local Government (Financial Management) Regulation 17A(4) is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

### Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the Shire.

Whilst the regulatory framework only requires a revaluation to occur every five years, it also provides for the Shire to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

### Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

### Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

(i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset; or (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

### Impairment

In accordance with Local Government (Financial Management)
Regulations 17A(4C), the Shire is not required to comply with
AASB 136 Impairment of Assets to determine the recoverable amount
of its non-financial assets that are land or buildings classified as
property, plant and equipment, infrastructure or vested improvements
that the local government controls in circumstances where there has
been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more of these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

### Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

### 11. TRADE AND OTHER PAYABLES

| 52,948  | 46,921  |
| (1,236) | 294     |
| 149,842 | 183,441 |

### **MATERIAL ACCOUNTING POLICIES**

### **Financial liabilities**

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

### Statutory liabilities

Statutory liabilities, are amounts owed to regulatory authorities due to statutory obligations such as FBT and PAYG. GST payable is offset against GST receivable and any net GST payable is included as a statutory liability.

### Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

### **Prepaid rates**

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises income for the prepaid rates that have not been refunded.

| 12. OTHER LIABILITIES   | 2025      | 2024      |
|---|-----------|-----------|
|   | \$        | \$        |

| Less than 1 year  | 119,416   | 152,062   |

### **MATERIAL ACCOUNTING POLICIES**

Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the Shire's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the Shire which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

### 13. BORROWINGS

|                          |       |         | 2025        |         |

|                                |         |           |  |  |
| 205,421                        | 899,249 | 1,104,670 |  |  |
| 205.421                        | 899,249 | 1.104.670 |  |  |

### MATERIAL ACCOUNTING POLICIES

### **Borrowing costs**

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

### Risk

Details of individual borrowings required by regulations are provided at Note 26(a).

### 14. EMPLOYEE RELATED PROVISIONS

### Employee related provisions

|   | 2025             | 2024    |

| Employee benefit provisions                   |                  |         |
| Long service leave                            | 11,567           | 10,766  |
|   | 11,567           | 10,766  |
| Employee related other provisions             |                  |         |
| Employment on-costs                           | 1,735            | 1,507   |
|   | 1,735            | 1,507   |
| Total non-current employee related provisions | 13,302           | 12,273  |
| Total employee related provisions             | 106,097          | 101,914 |

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period.

### MATERIAL ACCOUNTING POLICIES

### **Employee benefits**

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

### Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

### **15. REVALUATION SURPLUS**

| (b) Key management personnel (KMP) compensation                            |       |                |                |                |
| The total of compensation paid to KMP of the                               |       |                |                |                |
| Shire during the year are as follows:                                      |       |                |                |                |
| Short-term employee benefits   |       | 165,754        |                | 132,934        |
| Post-employment benefits   |       | 16,881         |                | 7,854          |
| Employee - other long-term benefits  |       | 3,500          |                | 1,811          |
| Employee - termination benefits  |       |                |                | 10,385         |
| Council member costs   | 20(a) | 54,042         |                | 36,702         |
|  |       | 240,177        | _              | 189,686        |

### Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

### Post-employment benefits

These amounts are the current-year's cost of the Shire's superannuation contributions made during the year.

### Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

### Termination benefits

These amounts represent termination benefits paid to KMP (Note: may or may not be applicable in any given year).

### Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

### 20. RELATED PARTY TRANSACTIONS (Continued)

### (c) Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

There was an outstanding balance of \$456 in relation to related parties at year end.

| In addition to KMP compensation above the following transactions occurred with related parties: | 2025<br>Actual<br>\$ | 2024<br>Actual<br>\$ |
|---|----------------------|----------------------|
| Sale of goods and services  | 768                  | 817                  |
| Amounts outstanding from related parties: Trade and other receivables                           | 456                  | -                    |

### (d) Related parties

### The Shire's main related parties are as follows:

### i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the Shire, directly or indirectly, including any council member, are considered key management personnel.

### ii. Other Related Parties

Outside of normal citizen type transactions with the Shire, there were no other related party transactions involving key management personnel and/or their close family members and/or their controlled (or jointly controlled) entities.

iii. Entities subject to significant influence by the Shire Joint arrangements detailed in Note 21.

### 21. JOINT ARRANGEMENTS

### Share of joint operations

### **Medical services**

The Shire of Nungarin is in a joint arrangement with the Shires of Mount Marshall, Mukinbudin and Trayning to provide medical services. The Shire of Nungarin has a 10% interest in this service which provides a doctor in Kununoppin.

In June 2022 the joint arrangement purchased a motor vehicle valued at \$59,710.

The vehicle is registered to the Shire of Trayning.

### **MATERIAL ACCOUNTING POLICIES**

### Joint operations

A joint operation is a joint arrangement where the Shire has joint control with two or more parties to the joint arrangement. All parties to joint arrangement have rights to the assets, and obligations for the liabilities relating to the arrangement.

Assets, liabilities, revenues and expenses relating to the Shire's interest in the joint operation are accounted for in accordance with the relevant Australian Accounting Standards.

### 22. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

The Shire did not have any events occurring after the reporting date that have a significant effect on the financial statements.

### 23. OTHER MATERIAL ACCOUNTING POLICIES.

### a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

### b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures
All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

### d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented

### e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of

### f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution

g) Fair value of assets and liabilities Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest

### h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss

### i) Fair value hierarchy

AASB 13 Fair Value Measurement requires the disclosure of fair value information. by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows

### Level 1

leasurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

### Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approache

### Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities

Income approach Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

### i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount except for non-financial assets that are:

- land and buildings classified as property, plant and equipment;
- infrastructure or
- vested improvements that the local government controls, in circumstances where there has been an impairment indication of a general decrease in asset values.

These non-financial assets are assessed in accordance with the regulatory framework detailed in Note 10.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116 Property, Plant and Equipment) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

27. RESERVE ACCOUNTS

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows.

|          | Name of reserve account                                   | Purpose of the reserve account  |
|----------|---|---|
|          | Restricted by council                                     |   |
| (a)      | (a) Leave reserve   | to be used to fund annual and long service leave requirements.                        |
| <u>a</u> | (b) Plant reserve   | to be used for the purchase of major plant.   |
| <u>ပ</u> | (c) Office building reserve                               | to be used for the construction of a new administration centre.                       |
| 0        | Swimming pool reserve                                     | to be used for the refurbishment of the swimming pool.                                |
| <u>e</u> | <ul><li>(e) Land development reserve</li></ul>            | to be used to fund the development of a light industrial area.                        |
| €        | Building reserve  | to be used for the future building needs of the Shire.                                |
| (b)      | (g) Community bus reserve                                 | to be used to restrict the excess monies from the Community Bus hire for maintenance. |
| Ξ        | <ul><li>(h) Computer equipment/software reserve</li></ul> | to be used for major upgrades of Council's computer system.                           |
| Ξ        | Refuse site rehabilitation reserve                        | to be used for rehabilitation costs associated with the refuse site in the Shire.     |
|          |   |   |

### 28. TRUST FUNDS

Funds held at balance date which are required to be held in trust and which are not included in the financial statements are as follows:

|                             | 1 July 2024 | Amounts received | Amounts paid | 30 June 2025 |
|-----------------------------|-------------|------------------|--------------|--------------|
|                             | \$          | \$               | \$           | \$           |
| Nomination & Other Deposits | 235         | 9                | -            | 244          |
|                             | 235         | 9                |              | 244          |
