BACKGROUND

The debt relates to overdue utility invoices.

Following discussions with the lessee, it was alleged that the sub-meter readings are ambiguous and do not provide an accurate measure of the lessee’s utility usage.

Recovery efforts undertaken by Council have not resulted in any payment being received and legal advice has determined that the cost of continuing recovery action through legal proceedings would exceed the value of the debt.

REPORT DETAIL

After assessing the debt, it was determined that:

- The cost of further action would exceed the amount recoverable;
- The likelihood of recovering the debt or part of the debt is unlikely;
- The debt has been outstanding for an extended period of time (04/12/2023 – 01/07/2024).
